PUNTI DI PRESA ANTERIORI
OFFICIAL FRONT PICK UP POINTS

PUNTI DI PRESA POSTERIORI
OFFICIAL REAR PICK UP POINTS

I puntali vanno inseriti nei fori dei punti di presa per evitare il rischio che il veicolo scivoli. Le prolunghe integrate nei tamponi posteriori (h=115mm) permettono di raggiungere i punti, evitando ostacoli sotto il telaio, come la marmitta.

The pins on top must be inserted in the pick-up points holes to avoid the risk of slipping.

The integrated extension in the rear pads (h=115mm) allows to reach the points, avoiding obstacle in the underbody, like the exhaust pipe.

Kit tamponi specific per:
Pads kit designed for:

Fiat Ducato
Peugeot Boxer
Citroën Jumper

S370A27
